Message

Agra Catholic Diocese Samaj Seva Sanstha is committed to sustained and viable efforts to reach out to the rural population making available to them the opportunities for development. Integral human development is inclusive of social, ethical, moral, spiritual values that unitedly streamline cultural, religious, political, intellectual and material pursuits of the masses.

Social Service projects promoted by ACDSSS are not merely comprised of philanthropic and materialistic points of view, but are ultimately charged with the human and humane face of development. Human dignity, self-esteem, honour and respect are the hallmark of the approach of ACDSSS to the concerns of people. Solidarity with the poor, deprived, underprivileged and marginalized who are often the victims of injustice and corrupt system is the focus. It is a challenge to accompany the least and the lost in society so as to enable them to be included in the development process initiated by the Government and non-Government programmes.

ACDSSS strives to keep pace with the progress of people in the path of restoration of human dignity, respect and self-esteem through the schemes of self-reliance and awareness towards justice, peace and restoration of creation in all aspects of human life. Awareness creation, animation, organization, net-working campaigning and advocacy are the means adapted by ACDSSS to create a space for fundamental rights and basic human rights as worthy citizens of sovereign, democratic, independent, republic nation.

Globalization that easily promotes neo-liberalism and business that promotes market competition, merely aiming at unjust profiteering, is bound to create an exclusive egalitarian society. Global mono-culture of modernism that may border on communal or casteist bias that can easily influence political movements and powers that rule, may tend to harbor fundamentalist trends, dividing people. Social service and development do face these situations.

The ACDSSS marches forward despite challenges and hurdles. I seek divine blessings on Fr. Vinoy P.M. and his collaborators and on the undertakings of Agra Catholic Diocese Samaj Seva Sanstha.

God bless.

Albert D'Souza

Archbishop of Agra

From Director's Desk

The seed of empowerment was sown through ACDSSS to focus on areas of social awareness and capacity building. Our focus group has always been the under privileged and marginalized sections of the society. With great commitment, zeal and vigour ACDSSS continues its mission.

As we look back on the path that ACDSSS has tread during the past year we will be able to comprehend the happy moments, crises, struggles and achievements that have been attained by the coordinated efforts of our volunteers and the people of the area. The past year was indeed a year of growth, progress and achievements. I can proudly say that we have excelled in every endeavour we have initiated.

Our empowerment programmes and education of the deprived sections of the society was not limited to acquiring knowledge. It has a wide scope and concept. It is meant to lead a perfect life and form personality of these deprived people. Together we have made effort to bring out the best in each of these people for the betterment of the nation.

Education for the deprived community members may not provide equal opportunities, but it certainly produces a more literate, critical and society aware community members. This is what ACDSSS is trying to achieve.

ACDSSS has been trying to bring positive changes in the society through good planning and implementation. We have been trying to bring understanding and commitment from those involved, starting from the least member of the beneficiary groups.

I congratulate all the volunteers for their excellence and achievements. The call of the time is to progress and excel in every aspect of life not just do the minimum for the society.

We are grateful to Caritas India, Manos Unidas, Misereor, Italian People's Conference, Kinder Missionswerk, UKSVK, Jan Vikas Samiti, Liliane Founds and their donors for their kind support and generous contribution to bringing progressive changes through targeted interventions.

I also extend my sincere gratitude to all stakeholders who actively participated in our endeavour.

We are thankful to Most Rev. Dr. Albert D'Souza, Archbishop of Agra and the governing body members for their guidance and encouragement.

With thanks and gratitude

Livelihood Programme

“Potatoes saved from destruction”

In Nagri village the farmers were cultivating potatoes. This year their field was infected by the pest and was the crop was endangered. The farmers with the help of animator informed the **Agricultural Science Center** about the problem. With this short notice they came and sprayed the medicine in the fields and saved at least 70% of potatoes.

Training on Govt. Schemes for the Farmers

Through the training program Mr. Shivchandran and Mr. Chandan availed the Govt. schemes. People benefited with 25 to 30% subsidies from agriculture department for buying the computerized leveler, cultivator machine, tractor, seeds etc.

Skills Training

Vocational training programs, efforts by individuals to acquire knowledge, skills and values served the purpose of making human work and performance more productive than it would be without them.

Rural adolescent girls have gained self-reliance and self confidence. The idea behind this concept is to mobilize the young girls and to improve their quality of life.

To give these young girls an opportunity to earn and to motivate them, ACDSSS has offered vocational courses of tailoring and beautician.

The tailoring centers are situated in three districts and in nine blocks of all the project areas. More than 670 girls and 19 women have learned the tailoring and beauty parlor course. They have started to earn their livelihood and it Improved their lifestyle. These trainings help them to become self reliant and earn their livelihood.

Out come:

670 adolescent girls and 19 women have learned tailoring and beauty parlor skills 126 of them engaged in self employment for income generating activities

Women Empowerment

No person can deny that 'woman is the axis of family'. All family members depend on her in one way or other. She is the one who always takes care of their welfare. But, unfortunately, most of the women are bound to a secondary status of life in the society, especially in rural areas. They are leading numerous duties with no rights. They are least taken care of in the family and in the society. Even if they work outside home, gender bias never let them go happy. They are paid minimum wages, that most of the time nothing as compared to the work done by them. Therefore some concrete solutions are required to solve these problems.

Self Help Group (SHG) is one of the concepts, which tries to bring justice to women through their socio-economic upliftment. ACDSSS is making all possible efforts to bring recognition and respect to the status of women in the society.

The main objective of this women empowerment program is to enhance the socio- economic status of the most vulnerable section of society by strengthening Self Help Groups and through training programs like gender discrimination, gender sensitization, social awareness on health, Linkage & Networking with bank and other Government Schemes etc.

The formation and strengthening of Mahila Mandals, Vikas Samiti, Bal Mandal and Education Centers (NFE) have provided base for this empowerment process.

The Pavement & water Problem wer solved by the Mahila Mandal & SHG members of Khandauli & Tedi Bagia areas

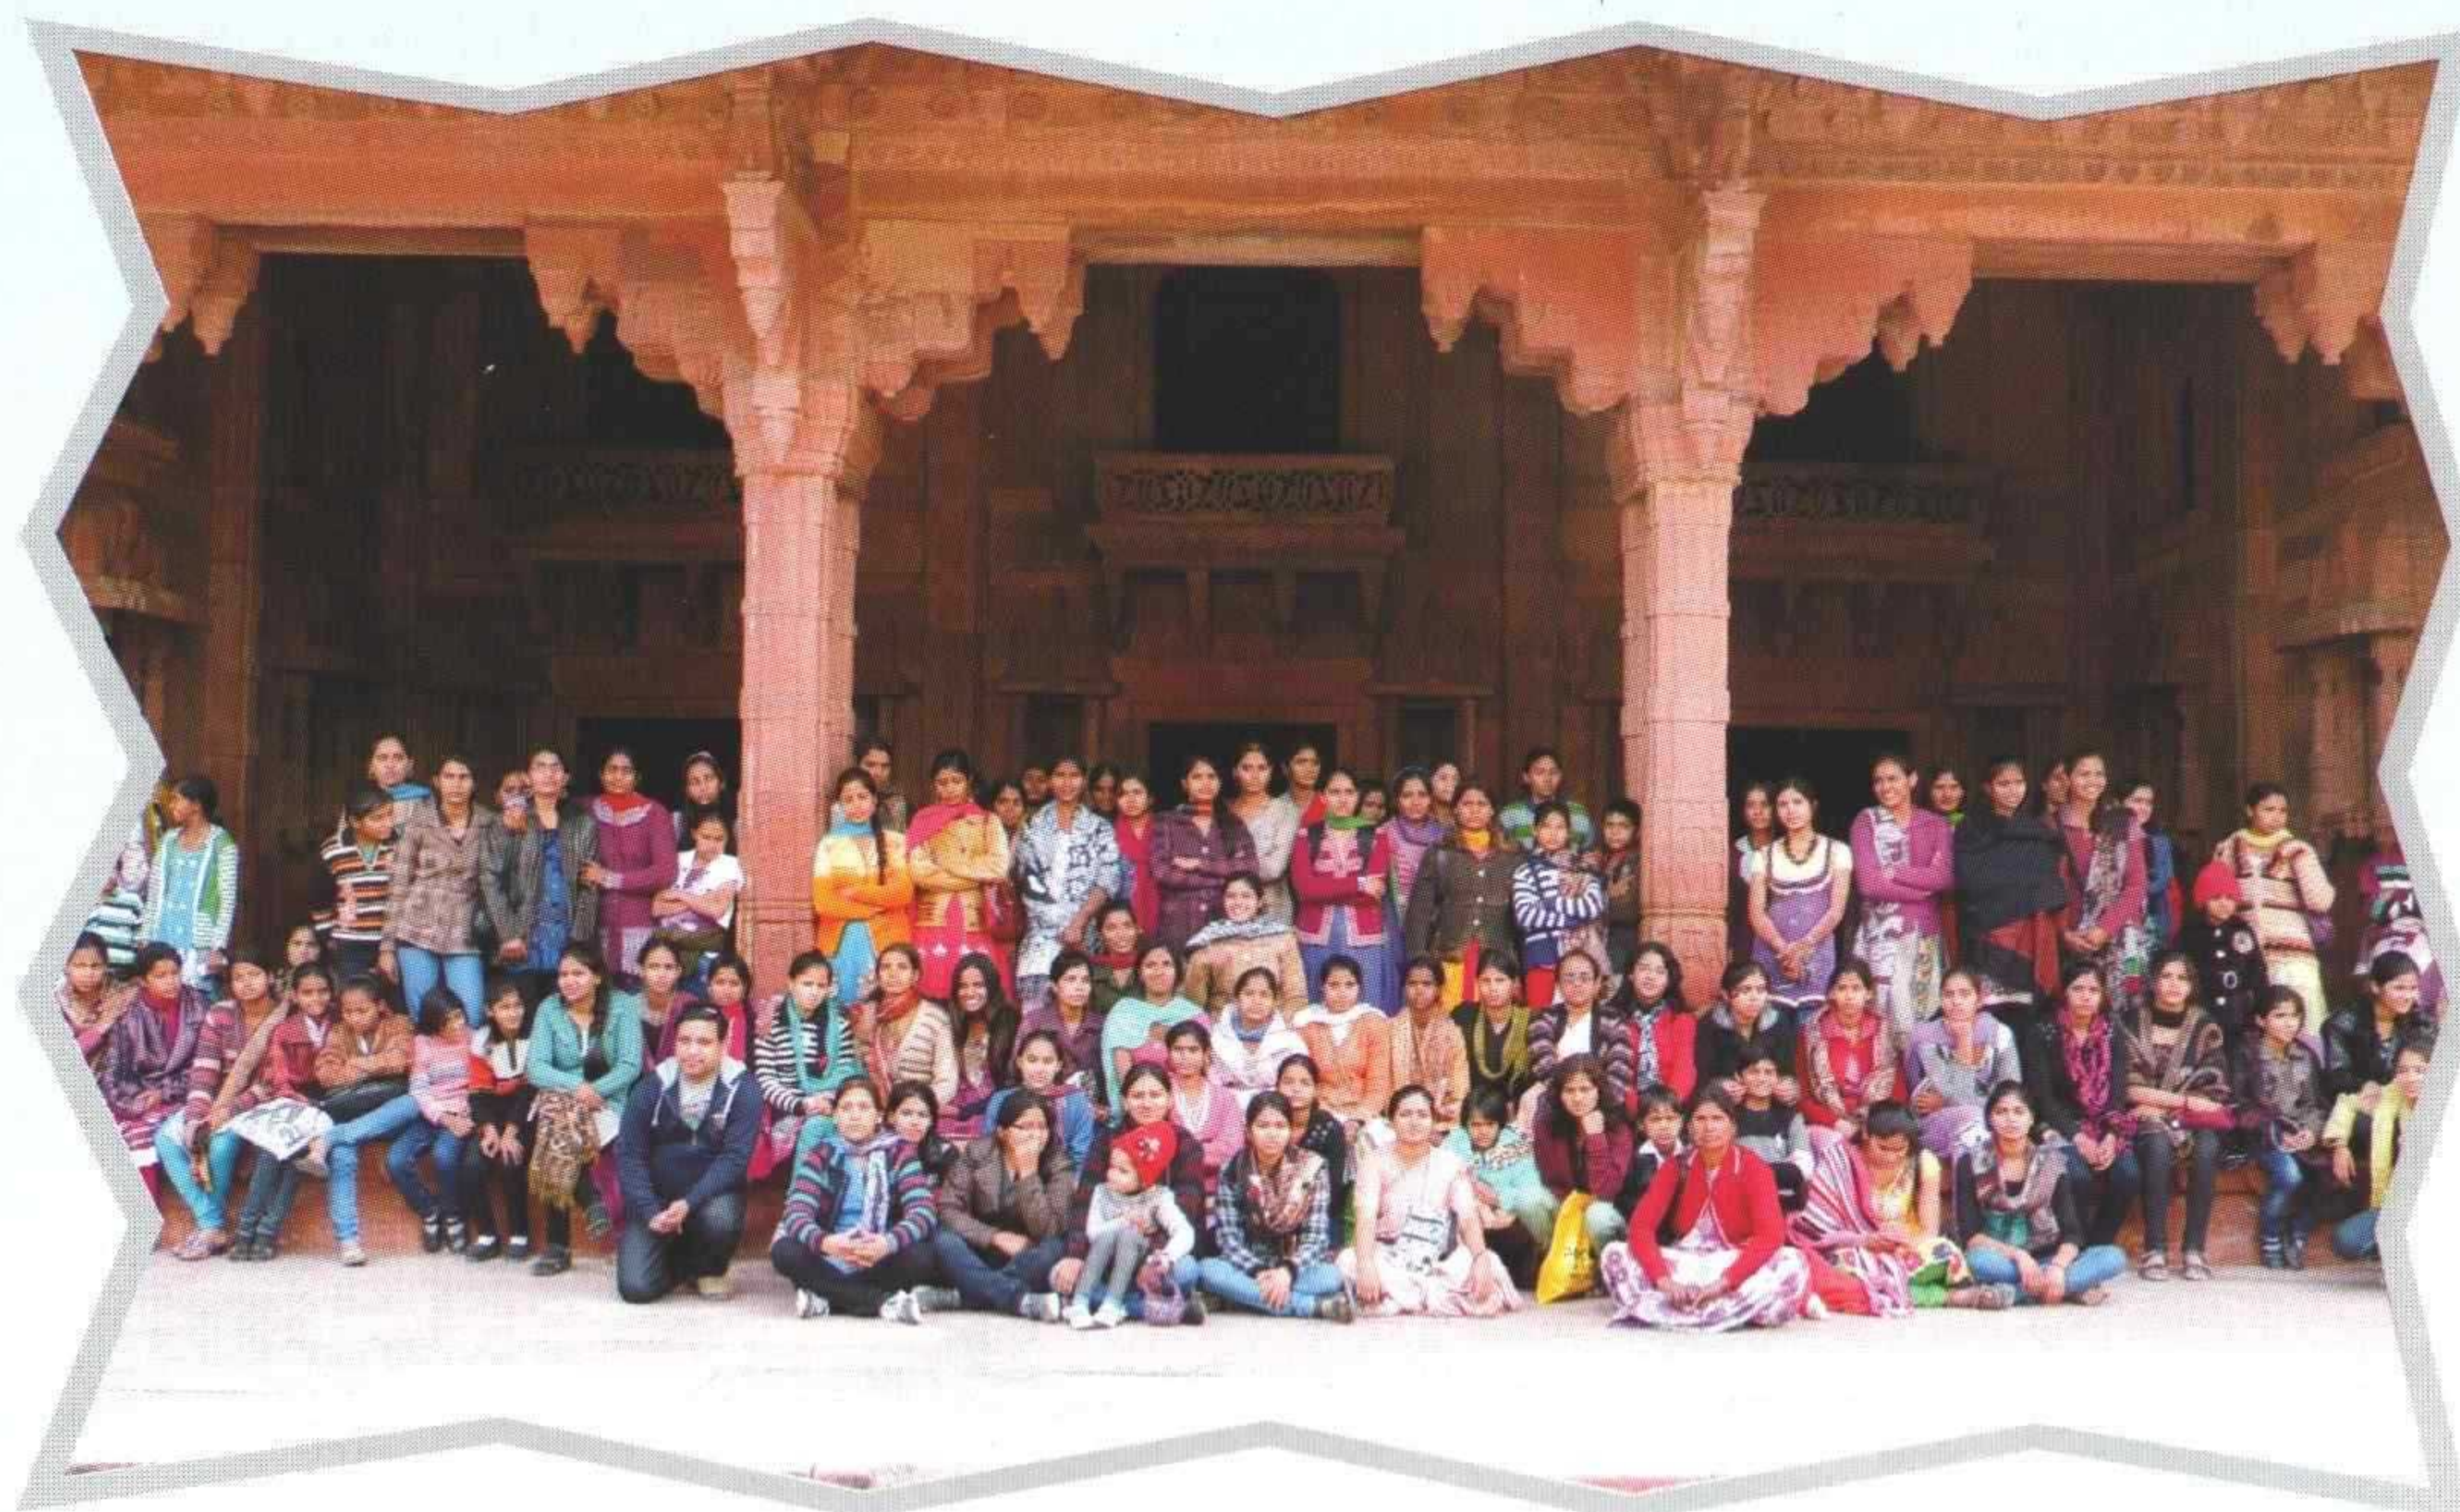

The brave women of Mahila Mandal

Mr. Hariveer Singh from Pasai village used to sell the country liquor. This was creating lot of problem among the families. The members of Radha Mahila Mandal informed the animator Mrs. Saroj. One day the Cobra Police team had come to the village and the Mahila Mandal members along with animator reported the matter to the Police. Then the Police gave their Mob. No and said that the next time, if they liquor to the village to inform the Police. On 6th March'2014 a tempo which carried the liquor came to the village. Immediately the women informed the police. And they came and seized 50 boxes of liquor from the tempo. But Mr. Hariveer Singh ran away and escaped from Police. The brave women could stop this liquor business, hence the villagers are happy.

Gender

After three years of hard work in the project area, 120 adolescent girls wanted to experience life outside their village. They expressed their wish to the coordinator and supervisor who tried their best to convince their parents and brought smile on their faces. The parents were not only got convinced to send them for an exposure to Fathepur Sikhri, but they agreed to bear the expenses too. On 22nd December the dream of these 120 girls were fulfilled.

महिलाओं को दिया जाए सम्मान

आगरा। महिलाओं को समाज में अपनी स्थिति सुधारने के लिए सबसे पहले अपने परिवार को शुद्ध करना होगा। घर में लोग महिलाओं को सम्मान की नजरों से देखना शुरू करें तो उनकी स्थिति घर-परिवार ही नहीं बल्कि देश में भी मजबूत होगी। यह विचार महिला शांति सेना की अध्यक्ष वत्सला प्रभाकर ने कहे। वे आगरा कैथोलिक डायोसिस समाज सेवा संस्था की ओर से भूषण हत्या पर आयोजित कार्यक्रम में बोली रहीं थीं।
